Procedure

Title 231, Chapter 4000

Depositions and Discovery

Rule 4017

(c) When the testimony is fully transcribed a copy of the deposition with the original signature page shall be submitted to the witness for inspection and signing and shall be read to or by the witness and shall be signed by the witness, unless the inspection, reading and signing are waived by the witness and by all parties who attended the taking of the deposition, or the witness is ill or cannot be found or refuses to sign. Any changes in form or substance which the witness desires to make shall be entered upon the deposition by the person before whom it was taken with a statement of the reasons given by the witness for making the changes. If the deposition is not signed by the witness within thirty days of its submission to the witness, the person before whom the deposition was taken shall sign it and state on the record the fact of the waiver or of the illness or absence of the witness or the refusal to sign together with the reason, if

any, given therefor; and the deposition may then be used as fully as though signed, unless the court holds that the reasons given for the refusal to sign require rejection of the deposition in whole or in part.
